Objective 2 - To ensure there is a supported strategy for the development of teacher confidence and competence in PE.

Desired Outcomes - The subject leader for PE will feel confident that staff are assessing fundamental movement skills accurately and that assessments are informing future planning. All teachers will feel well supported and confident to deliver high quality P.E. lessons. The new Real P.E. Scheme will have been successfully implemented. Children's fundamental movement skills will have improved and be transferable between a range of sports. There will be higher levels of engagement within P.E. Preconceived ideas about sport will have been challenged. Children will have a better understanding of personal competition and personal bests.

Rational - To work collaboratively, to develop high quality provision. To ensure a sustainable, long-term, local structure is developed. To think about how to use these strategies to improve overall achievement and raise standards across the whole school. (This needs to be investment that supports school development priorities, not detract from them.)

Key Indicator 2 - The profile of PESSPA being raised across the school as a tool for whole school improvement.

Key Indicator 3 - Increased confidence, knowledge and skills of all staff in teaching PE and sport.

DFE Guidance on - How to use the PE and sport premium

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer.

This means that you should use the premium to:

Develop or add to the PE and sport activities that your school already offers

Make improvements now that will benefit pupils joining the school in future years, for example, you can use your funding to:

Hire qualified sports coaches to work with teachers

Provide existing staff with training or resources to help them teach PE and sport more effectively

Introduce new sports or activities and encourage more pupils to take up sport

Support and involve the least active children by running or extending school sports clubs, holiday clubs and [Change4Life](#) clubs

Run sport competitions

Increase pupils' participation in the [School Games](#)

Run sports activities with other schools

Sustainability

How the spending is sustainable:

The CPD sessions, that both teachers and TAs have attended, provide inspiration and planning resources for activities that will be implemented and developed in future years.

Action Plan for P.E. and School Sport September 2023 to July 2024

Children who have attended inter school events will have experienced new sports and will be inspired to continue playing, either through school or, by joining an out of school club.

We continue to provide a range of extracurricular sports so that a range of children are gaining new experiences, which encourage them to continue to be involved in sport in the future. Teachers have continued in this role. It has not been fully outsourced to external agencies which means the ethos remains embedded in our school.

We monitor which children are involved in sports/clubs/events and ensure that a range of children are encouraged and given the opportunities to take part and gain new experiences.

We offer a range of non-competitive team sports to engage all children especially those that struggle with winning and losing e.g. Golf and running (Junior Park Runs).

The school partially funding the MUGA alongside a large grant of over £37,000 from the military which has meant we have future proofed additional sporting facilities for the next 25 years.
